

# STEM @ UNM

**SATURDAY, AUGUST 16, 2025**

*1:00pm - 4:00pm | UNM Main Campus - Kiva 104  
\$10.00 before 8/15/25 OR \$15.00 at the door*

Do you currently work at UNM or want to work at UNM? Awesome!! We currently have a really unique group of students, most who are majoring in a STEM related field. During this workshop, participants will be given access to different STEM related video lectures and have the opportunity to discuss vocabulary, concepts, sign choices and classifier options with each other. Through resources provided by DHHS and Associate Deaf Interpreter, Mark Lucero, participants will leave feeling more confident, better prepared, and can provide more consistent services for our students in their fall term classes. This workshop is open to the interpreting community and will be presented in ASL.

## Educational Objectives

- Participants will explore sign choices & classifier options for STEM related vocabulary
- Research strategies for visualizing different perspectives of STEM topics
- Utilize tools and resources provided in the workshop
- Log new concepts, vocabulary and sign choices and have the option to continue learning through a Community of Practice.

## About the Presenters

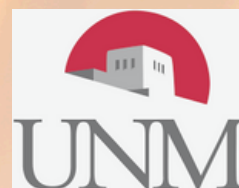

- Mark Lucero-Muniz is a proud Deaf professional working as the Communication Facilitator Program Manager at Vancro Integrated Interpreting Services and as a Deaf Interpreter. He is native New Mexican and has been involved in various Deaf organizations to help enrich and empower our community.
- DHHS Staff: Tommi Tejada, Risa Roybal, Erin Kueffer, Alex Luce, and Jackie Trujillo have over 50 years combined experience interpreting at the post-secondary level

2025 UNM-DHHS Workshop
